

IT'S TIME FOR YOUR GATOR HUNT!!!!

BUT THEN WHAT....?

Here's some things to chew on while you anticipate your amazing hunt.

Have you already gone to <https://gooutdoorsflorida.com/> and gotten your \$51.50 alligator trapping permit? If not, please take a moment to do so. Once that's done, you can begin to plan what you'd like to do with your gator. We offer several options to help make your trophy exactly what you want, so years from now not only will you still have the memory of your hunt, but a beautiful show piece. And yes, we will take care of any of these options for you to make this a smooth, easy process!

Processing! It's \$35/ft for the skinning and prep of the hide for the tannery or taxidermist.
And \$4/lb for the meat you want back (you only pay for what you want)

Tannery! For \$55/ ft we can have your gator hide tanned to the color of your liking. We have many color options, all of which you can see here at the lodge. It takes at least a year for the tanning process, but that gives you lots of time to plan for those boots and handbags!

Leather Makers! After the tannery, comes the fun part. What do you want to make your gator hide? We have several different leather makers we use, depending on what you'd like made.

From larger items like gun cases and slings, boots, belts and handbags to smaller things like wallets and money clips we work with several skilled leather workers to provide the best quality wild gator leather products you can get!

Taxidermist! Now, if you want that mount to show everyone your dinosaur, we have 2 very skilled taxidermists and the options are limitless! From European mounts to elaborate full body mounts.

Shayne's Gators does all our gator head mounts

Florida Trophy Gators does everything else, from 1/2 body mounts to elaborate full body mounts. If you can think it up, we can have it done!

Gator Hunt Supply List
